CONFERENCE DESCRIPTION
This is a 3-day course designed for medical oncologists, hematologists, radiation oncologists, surgical oncologists, physician assistants (PA), advanced registered nurse practitioners (ARNP), oncology nurses, registered pharmacists, pharmacy technicians, and radiation therapists. General practitioners (internal medicine and family medicine) will have the benefit of review standard of care and new developments in cancer management. Residents in training and fellows from these specialties are encouraged to attend.

Topics in solid tumors and hematological malignancies will be reviewed; that will include topics in breast cancer, lung cancer, gastrointestinal (GI) malignancies, gynecologic malignancies, (GU) genitourinary cancers, head and neck cancers, melanoma, and hematological malignancies such as multiple myeloma, CLL and non-Hodgkin’s lymphoma, and myelodysplastic syndrome. There will also be a special session devoted to the area of supportive care in oncology, with emphasis on properties & uses of medical marijuana, bone metastasis, malignant hypercalcemia, and management of chemotherapy, targeted therapy and immunotherapy-related side effects.

The areas of focus for this conference will include the current standards of care in the treatment of all aforementioned malignancies and new developments in these areas of cancer care. There will be much emphasis on molecular diagnosis and individualization of cancer therapy based on molecular profiles. There will be reviews of new chemotherapeutic, antiangiogenic and immunotherapeutic agents.

Presentations from latest national (AACR 2018, ASCO 2017, SABC 2017, and ASH 2017) and international forums (ESMO 2017 and WCLC 2017) meetings will be discussed and guidelines of cancer care will be emphasized. The participants in the meeting will have the opportunity not only to learn, review, and understand the state-of-the-art management in cancer care but also engage in personal interaction with our panel of experts in these subjects during our question and answer sessions.

CONFERENCE OBJECTIVES
Upon completion of this course attendees will be able to:

1. Understand the latest advances in chemotherapy, targeted therapy and immunotherapy options available for lung cancer, breast cancer, GI malignancies, GU malignancies, melanoma, head and neck cancer as well as hematological malignancies including multiple myeloma, NHL, MDS, and CLL.

2. Evaluate the current standards of care in the treatment of a variety of solid and hematologic malignancies.

3. Discuss risks and benefits when combined modality of treatment (that includes radiation therapy and surgery) being delivered to patients who have localized malignant processes (i.e., NSCLC, head and neck, prostate cancer, and others).

4. Manage symptoms induced by chemotherapy, immunotherapy or targeted therapy such as nausea, vomiting, autoimmune complications and hematologic and metabolic toxicities.

ACCREDITATION: The Medical Educator Consortium is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

DESIGNATION STATEMENT: The Medical Educator Consortium, designates this live activity for a maximum of 17.5 AMA PRA Category 1 Credit(s). Physicians should claim only the credit commensurate with the extent of their participation in the activity.
NURSING CEU
This activity has been approved by the Nurse Practitioner Council of Miami-Dade Inc. for SIXTEEN (16.0) Contact Hours for nurses who attend this program in it’s entirety. Nurse Practitioner Council of Miami-Dade Inc. is accredited as a provider of Continuing Nursing Education by the State of Florida, CE Broker Provider Number 50-15792

PHARMACY CEU
This activity is approved for a total of 16 contact hours of Continuing Education Credit for Pharmacists and Pharmacy Technicians awarded by the University of Miami Sylvester Comprehensive Cancer Center. Participants must attend all day lectures to receive credit for that day. Partial credits are not available. Where credits are approved on a session-by-session basis, participants must attend each session in its entirety to receive complete credit for the session. A certificate of completion will be provided to each participant at the end of the conference. Credit will be entered into CE Broker. UMHC/Sylvester is a approved by the Florida Board of Pharmacy as a provider of continuing pharmacy education.

FACULTY DISCLOSURE STATEMENT
The Medical Educator Consortium (MEC) adheres to the ACCME Standards for Commercial Support. All persons that will be in a position to control the content of the CME Activity are required to disclose all relevant financial relationships. Faculty disclosure forms outlining this information will be made available to all participants prior to educational activity. MEC has also implemented a mechanism to identify and resolve all conflicts of interest prior to the education activity being delivered to learners.
